Shaping Young Minds

The Kuruvila Jacob story

Usha Jesudasan

In Mr. Jacob, our school has had a great headmaster... a home for genuine education in the widest sense, and all over India there are men who bear the stamp of it...

Rev. Dr. A. J. Boyd, Chairman, Madras Christian College, School Board

I had the privilege of serving under Mr. Kuruvila Jacob for nearly two decades and I had and have the greatest regard for him, for I learnt so many things from him, which stood me in good stead in later time.

Mr. Paul Roberts, Former Asst. Headmaster, MCC School

He was a shining example of an ideal teacher and head of an institution. MCC High School attained its eminence during his stewardship... India needs many more Kuruvila Jacobs to provide good education and training to the coming generations.

C. Subramaniam, Former Minister of Education, Govt of Madras

Mr. Jacob lit a candle of understanding in young hearts which shall never be put out.

Gandadaj Sikkam, Student - MCC School
