134 TIPS FOR THE GO-AHEAD MANAGER is a book which every executive has been waiting for. The 134 maxims are the distillation of the ideas and experiences of the world's greatest management experts such as Koontz, Townsend, Lippitt, Urwick, Peter Drucker and many others. Their ideas, which are all very practical, have been synthesised into 134 maxims which all are very easy-to-understand, well tested, eminently practicable and entirely useful.
