Key to the Scriptures

XV. Genesis	501
XVI. The Apocalypse	558
XVII. Glossary	579
XVIII. Fruitage	600

SCIENCE AND HEALTH

BY MARY BAKER EDDY

This book will change your life. For more than a century it has changed people's lives, bringing them a new sense of hope, purpose, and peace. *Science and Health with Keys to the Scriptures* has also brought healing, regeneration, and spiritual enlightenment to its readers. As you read this book you will learn more about your relation to God, that God is always present, wherever you are, and that He loves you and takes care of you.

Science and Health thoroughly explains original Christianity, including the physical healing that Christ Jesus practiced and taught to his disciples. From a deeply Christian perspective, this book examines many of the assumptions about the nature of life — about matter, evil, sickness, and death. It also shows the effectiveness of prayer and explains how prayer naturally results in healing. A record of proof is included in the last chapter. As the title indicates, *Science and Health* sets forth a science that brings health to every aspect of your life.

The author, Mary Baker Eddy, questioned many traditional views about mankind's relationship to God and for years searched the Bible for answers. In 1866, she discovered the laws of God, the Science of Christianity, which transforms lives and brings healing. From that time forward, her life goal was to share this healing truth with others.
