**Invisible Man—a helpless absurdity—**

"The more I thought it over, the more I realized what a helpless absurdity an Invisible Man was—in a cold and dirty climate and a crowded, civilized city. Before I made this mad experiment I had dreamt of a thousand advantages. That afternoon it seemed all disappointment. I went over the heads of things a man reckons desirable. No doubt, invisibility made it possible to get them, but it made it impossible to enjoy them when they are got. Ambition—what is the good of pride of place when you cannot appear there? What is the good of the love of women when her name must needs be Delilah?"

That was the tragedy of the Invisible Man, the unfortunate plight of his invisibility that drove him mad and made his life miserable.

**INVISIBLE MAN** is an engrossing Story of a young scientist whose experiments result in a fantastic success, which brings him disaster instead of happiness.
