AUTHOR OF DARK ROAD

A DELL MYSTERY

**HIS LIFE WAS INSURED  
FOR A HUNDRED GRAND—  
BUT IT WASN'T WORTH A DIME!**

He was a socialite, just married — but they said he'd killed his ex-mistress, and he was on his way to the gallows.

The insurance was payable in the event of death — even death by hanging at the invitation of the state.

So the insurance people sent Jeff Di Marco down — a little guy, not too tough, but very, very brainy.

And what happened? *Two more murders!*
