A rip-roaringly riotous view of how managers manage their affairs by India's most loved and celebrated cartoonist.

Unfailingly witty and irreverent, R.K. Laxman takes sharp aim at the pomposity of managers and their fondness for taking themselves a bit too seriously. His tongue-in-cheek digs at the burdens managers bear in their quest for profit and promotion are pure delight.

This collection is guaranteed to make the practitioners of the esoteric art of Management double up with laughter. And for other, ordinary mortals it offers amusing insights into the goings-on in the executive suite.
