THE U.S.A. ANSWERS QUESTIONS

A GUIDE TO UNDERSTANDING

Edited by KENNETH E. BEER

Based on 3,500 questions most often asked by hundreds of thousands of visitors to the 1959 *U.S. National Exhibition in Moscow* — and answered there on the spot by means of IBM RAMAC electronic equipment — "THE U.S.A. ANSWERS QUESTIONS" takes the reader to the grassroots of America, with eight chapters of facts and insight into every phase of American life :

The American People and Land	American Culture
Education in the United States	American Science and Technology
How Americans Live	The American Economy
Americans at Work	Americans and the World

The book contains 216 pages including a bibliography. Its searching questions and answers unfold a wealth of information making the book a valuable reference source. It contains 61 photographs.

The material for this book is based on research work compiled by more than fifty government and independent factfinding agencies.
