John O'Hara

The Horse Knows the Way

Here is new proof, if proof were needed, that John O'Hara is the most penetrating observer of the contemporary scene. 'The Horse Knows the Way' contains so much sheer life within its pages, so many stunning portraits, so much shrewdness and raw power, that critics have almost been forced to invent new superlatives. "Something to marvel at. John O'Hara is unmatched by any other writer." HOUSTON POST
