BOOK

Harry Hershfield has been a great speaker at more banquets, luncheons, and celebrations of all kinds than any other man alive. *He is always asked to come back.*

Harry Hershfield tells stories that are funny. Some of his best stories are old. Yet in his hands they are delightfully entertaining.

Harry Hershfield in his Introduction, and with hundreds of examples, teaches you how to tell jokes — and gives you a hilarious experience at the same time.
