SCIENCE SMILES

P-193

R. K. Laxman now takes a look at the world of science. Doctors and patients, scientists and students, seminars and space programmes, even UFOs and genies — no one and nothing escapes his irreverent wit.

What the critics say about R.K. Laxman's
Said It series

...interrupted source of laughter."

— *The Statesman*

...entertaining yet poignant

— *The Mail*

Am I seeing things? — this
population, nuclear war, has
