What is Beyond the Veil? It is God and only God. This book shows how Truth emerges from God. It is neither a story nor an epic. It is an investigation into Truth. For all seekers on Sathya Sai research about Truth, this book is an invaluable guide that will reveal many secrets. It contains the findings of the Avatar and is a new milestone in the vision of Truth being revealed by Bhagavan Sri Sathya Sai Baba.

One can see how the borders of truth have expanded. Presently, there appears to be a horizon on the Truth but it is only an illusion. As and when wisdom equals the vision of Truth can progressively be perceived. The level of awareness has had been different. It would be the source of the Avatar's Prerna which is new in this world.
