WHO NEEDS GOD

"In *WHO NEEDS GOD*, Kushner glides thoughtfully and literately from Elie Wiesel to William James to African mythology to make his case for God's role in our lives. The most compelling argument, not surprisingly, is . . . that only religion provides answers that enable people to confront their mortality."

—*Newsweek*

"Here's a book about God and faith that is, surprisingly, ideal for the reader who has rejected religion."

—Joyce Maynard, *Mademoiselle*

"There is a note of awe and humility in nearly all of his counseling which has become a Kushner trademark. Listening rather than speaking in times of crisis and showing the need for morality rather than preaching about it are only two examples. . . . Kushner is an author who speaks like an old friend of the family and promises never to mislead us with facile answers that fail to satisfy."

"THERE IS A KIND OF NOURISHMENT OUR SOULS CRAVE, EVEN AS OUR BODIES NEED THE RIGHT FOODS, SUNSHINE AND EXERCISE."

—Harold Kushner

For all of us who may have lost faith or who have never known it, for anyone who has ever asked "What can religion offer?" here are wise and thoughtful answers. With the same warmth and understanding that made *When Bad Things Happen To Good People* a phenomenal best-seller, Harold Kushner addresses a critical issue in the lives of many: a spiritual hunger that no personal success can feed. Rabbi Kushner shows how religious commitment *does* have a place in our lives, filling a need for connection, joy and community. For anyone who has ever wanted a more fulfilling life, or wished to make a difference in the lives of others...for anyone who has ever felt guilty, afraid or alone, Rabbi Kushner shares a path to faith that offers new sources of comfort and strength for all of us. Powerful, provocative and persuasive, *WHO NEEDS GOD* is a message of universal appeal.

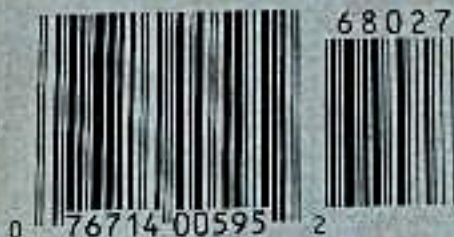

"As in his earlier books, Kushner remains superbly rational...likable and persuasive."

—Baltimore Morning Sun

"Thoughtful...richly concrete...Kushner invites his readers to rethink the role of religion in their lives."

—Cleveland Plain Dealer
